

# Beulah Fire Protection & Ambulance District

## Firefighter Donald Griggs

Firefighter Donald Griggs has been serving the District since July of 2016 completing all his initial certification courses with Beulah Fire. FF Griggs is a Wildland Firefighter II, Structure Firefighter I, and HazMat Operations. FF Griggs brings community knowledge and history to our agency that provides a contextual local history for our responders few others can offer. Here is a little more about FF Griggs in his own words.

My family moved to Beulah in the early 1950s, and I have lived here all my life. Outside of being a member of Beulah Fire, I am an estimator and project manager for A&R Construction out of Pueblo and have been with them for 33 years. My beautiful wife Nicole is a Respiratory Therapist for Children's Hospital in Colorado Springs, my stepson is a Captain for Beulah Fire, and my stepdaughter is in construction as well working in Elbert. I was recruited to Beulah Fire about 10 years ago by my wife who was on the department at that time since I have lived in the area all my life and know it well. I enjoy the comradery that the department brings and being able to help around the community that I grew up in.
